

hifrog - To do #7602

Remove dependency on boost

11/07/2018 18:00 - Martin Blichá

Status:	Closed	Start date:	11/07/2018
Priority:	Urgent	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
There is a dependency on boost library in dependency_checker.cpp. This dependency should be removed.			

History

#1 - 17/07/2018 16:34 - Martin Blichá

- Status changed from New to Resolved

Only thing used from boost was implementation of disjunctive sets (union-find algorithm).
This was replaced by custom implementation in commit b0d955ac (b0d955ac5bbbd3b5c30f28f2503d9c3e5ce0834d)

#2 - 21/08/2018 13:39 - Martin Blichá

- Status changed from Resolved to Closed

Unit tests have been added and can be extended if any issue regarding this is found.
